

BUILDING A SOLID LEARNING FOUNDATION

Introduces  bloomz

Granite Start has implemented the use of an app called BLOOMZ as the main source of daily communication. This program is very user friendly! It is a secure and private app/website that is only accessible to be viewed by parents in your child's class. Once your child changes rooms they will be removed from the previous class and added to the new!

What you will see by joining:

- Updates on what we are doing and learning each week
- Photos from hands-on lessons and specific activities
- Access to the classrooms calendar with important events/reminders
- Allows for instant messaging between parents and caregivers.
- Volunteer requests
- And much, much, more....

Bloomz can be used on any device, PC, Mac, tablet, and/or cell phones. If you are curious as to how this all works, we encourage you to view the tutorial on the bloomz.net website to learn more! Plus, you can always ask us if you have any questions or concerns.

In order to join your class on Bloomz, you will have to be invited by your child's classroom teacher using the email address you provide. Each teacher over the next few weeks will send you an email invite that will allow you to join. Again this is a secure site. Should you opt out of joining your child's class you will then receive the same alerts and notifications via a private email. Children(s) day notes will then consist of only personal care information ie. naps, meals, and diaper/toileting.

We hope that you enjoy this program as much as we do, as it is meant to serve as a more effective and efficient means of communication!

Parent Name: _____ Parent Name: _____

Email: _____ Email: _____

_____ Yes, you have my permission to share pictures of my child _____
on the secure Bloomz page.

_____ No, my child _____ may not have their picture(s) shared on the
secure Bloomz page.

_____ I/we agree to respect the class Bloomz page and to contribute in a polite and positive manner. I will
address my personal concerns privately with the teacher or Granite Start Management.
